## **Horizon Tire**

## **Mounting and Rotation Service Record**

Date of Service	Odometer Reading	Service Provider Name and Address	Provider Signature	PSI Check

In order for the tires to be qualified for Mileage Warranty, the tires must be inspected and rotated by an authorized dealer every 5,000 miles, and the PSI set as recommended on the vehicle placard.

## To Owner:

I hereby certify that these services were performed as indicated and that I am the original purchaser of the tires and the owner of the vehicle on which they were originally installed and exclusively used.

Owner Signature: _	 	
Date:	 	

## **To Service Providers:**

Signing on "Retailer Signature" column in the above form means that you have verified the information on the signed row to the best of your knowledge.
